COLLECTION
2021

Design can be art,
Design can be aesthetics,
Design is so simple,
that's why it is so complicated.

Ceramix[®]
ADDICTED TO INNOVATION

FASHION ISN'T JUST ABOUT CLOTHES IT'S A LIFE STYLE

DESIGN | QUALITY | TECHNOLOGY

All our products are designed and manufactured in-house thus ensuring strict quality control and maintaining the consistency of its product.

Timeless designs &
enduring craftsmanship.
Let *Ceramix*[®] inspire you;
discover our extensive range
of products for your dream bathroom.

OUR VISION

The first and foremost aim of Ceramix is satisfaction of the end user. The company's future plans include new ranges in bath fittings, in tune with modern tastes and preferences. Also, a better insight into the customer's requirement to introduce better and user friendly products.

INTRODUCTION

In 1989 a vision was translated into reality. The year when Ceramix Faucets (India) was incepted. Ever since, the brand Ceramix has come of ages and is soaring high. We are leading manufacturer, supplier and exporter of bathroom faucets and accessories. **By sticking to the quality first rule, we are already exporting 40% of our products to Europe, Asia and Middle East and have a dealer's network across India.** Our range of products include:

- Bathroom plumbing fixtures
- Bath Accessories
- Zinc wash basin brackets and handles
- Multi-function Rain-showers & Shower Arms

Su-Dhara's ultra modern R&D with highly skilled engineers incessantly toil to usher in new, innovative, easy to use and easy to maintain good looking product ranges for every class & segment. Besides carving a niche, Su-Dhara's Total Quality Management has made it a name to reckon with. All along, the devoted professionals derived from the best of the industry are the invaluable assets of the organization. Company's focused approach in various fields : Planning, Manufacturing & Administration ensures enviable position among its peers. For Su-Dhara's, tomorrow looks more promising. All our products are designed and manufactured in-house thus ensuring strict quality control and maintaining the consistency of its product. To be one of the leading brands in the world with the greatest appeal, fascinating customer relevant innovation and breath taking designs.

DESIGN | QUALITY | TECHNOLOGY

DESIGN-RESEARCH & DEVELOPMENT

Make it simple yet significant the CAD/CAM equipped design studio uses the latest softwares to carry out designing functions and define technical specifications.

FOUNDRY

The selection of alloys and the experiences of our moulding technicians are essential to achieve the finished product of great quality. Only brass inglots of defined compositions are used to ensure quality & durability.

FINISHES AVAILABLE

MACHINING & POLISHING

Machining is done on CNC lathes ensuring accuracy and consistency. The preparation of products using automatic controlled systems reduces tedium and concentrates the expertise of the employees on the complex aspects.

PLATING

While complying with the most constraining environmental standards, we achieve to finish our products according to the desires of our customers by using the three layer electroplating technique thus increasing longevity and providing superior finish.

**100% MAKE IN INDIA with
ADVANCED RUBIT TECHNOLOGY**

Made of High quality brass which ensures durability and smooth functioning even at high pressure.

Installation kit for ceiling showers consists of **Stainless Steel 304** frames which ensures that it remains rust free.

Anti rubbit technology for easy cleaning of scaling. Individual nozzles are used which enables easy replacement if required.
